

Virtual visits with us:

Call to make appointment → you receive an email with link that will have time and instructions to join (details below)

Instructions for Telemedicine appointment:

If you have a computer or laptop with a built-in camera, then you may open your email from us and click on the link to join meeting. You will get the page below. You will have option to join the meeting by two ways, by clicking either the green button or the clear one to its right (join by browser). If you want to avoid downloading additional software from **Webex**, then click 'join by browser'. If you have an updated browser, it should work on all of them, but preference is Microsoft Explorer or Edge.

Dr. Naseri

(Optional)

Join Meeting

Join by browser **NEW!**

More ways to join

To focus on your health and to do our part to reduce the spread of coronavirus disease 2019 (COVID-19), we now offer secure and reliable virtual visits with your doctor. All you need is a smartphone or a computer (laptop or desktop) with a built-in camera, or tablet and an internet connection.

Call us now to schedule a virtual visit. 904-595-7475

All patients who call for an appointment are screened for COVID-19 symptoms and are provided guidance on what steps to take if they meet the criteria of a COVID-19 patient. Those patients are not scheduled to be seen in our offices but are directed where to go for testing or treatment. It's important to take care of your health during this uncertain time.

Call us at 595-7475 or visit us online www.nfsinus.com to schedule an appointment or for questions about what to expect during a virtual visit.
